HOT NEWS ITEM.

FREE LEGAL ADVICE IN YOUR HOME!

CALL US IF THE POLICE WANT TO INTERVIEW YOU AT HOME.

- Due to a recent change in the law brought about by direct pressure put on Government by **partners of this firm**, (See <http://www.robinmurrayandco.com/news.html>), the police now have to offer you the chance to call a solicitor for legal advice and representation even in your own home if they wish to interview you under caution.
- This applies even though you are not under arrest.
- This is free of charge to you.
- It applies to all offences including road traffic matters.
- So if the police offer you the chance to speak to an independent solicitor free of charge, tell them our name and **we shall be there for you**, very quickly at any time of day or night.
- If you know someone who needs us just call on our out of office hours number **0844 567 6717** (Put this number in your mobile phone and share it with others)
